[How to Cancel Billing from Website](#)

Redeem Google Cloud credits to support your project development on Google Cloud Platform.

[Click Here to Know More about Free Cloud Features and Trial Offer](#)
Go through the above website before claiming the Free Trial

Points to Remember:

- Each participant can redeem the credits once per account.
- The credits are valid for 90 days (Trial Period).
- Credits cannot be combined, regardless of team size.
- Credits are non-transferable and cannot be shared between accounts.
- If credits are exhausted **no extra credits will be provided**. Please use them carefully.
- Credits cannot be used for any other purposes/platform.
- Any unused credits at the end of the 90-day period will expire automatically.
- Participants are responsible for ensuring they use the credits within the trial period.
- Any misuse or violation of the terms regarding credits may lead to disqualification from further access or offers.
- Credits are not refundable under any circumstances.

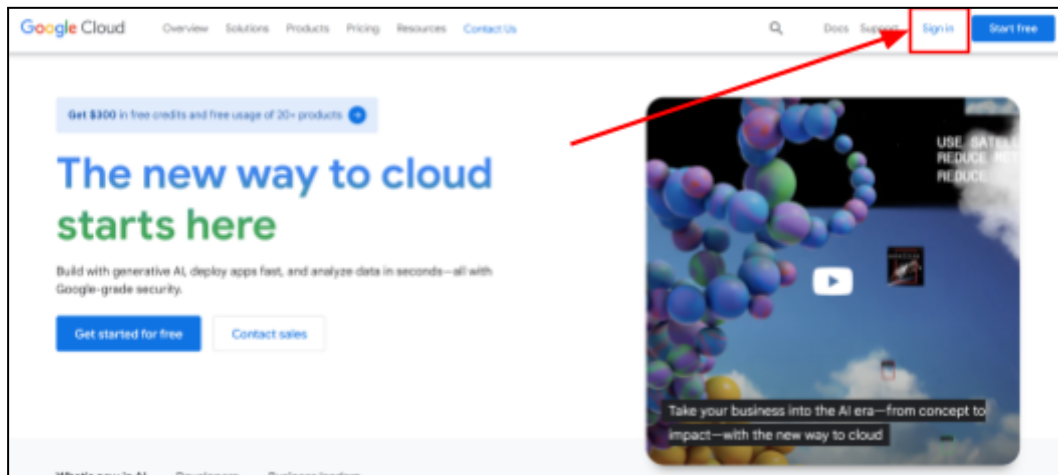

After the Trial-Period:

- The top 100 qualifying projects for the next phase will receive additional support from our end, including extra credits to continue project development once the trial plan concludes.
Further details will be shared as we progress through the phases for the top 100.
- For projects not selected, you will not be auto-charged, but as a precaution, please disable autopay.
- Please refrain from reaching out in the future regarding any billing requests. We encourage you to work promptly within the given timelines.

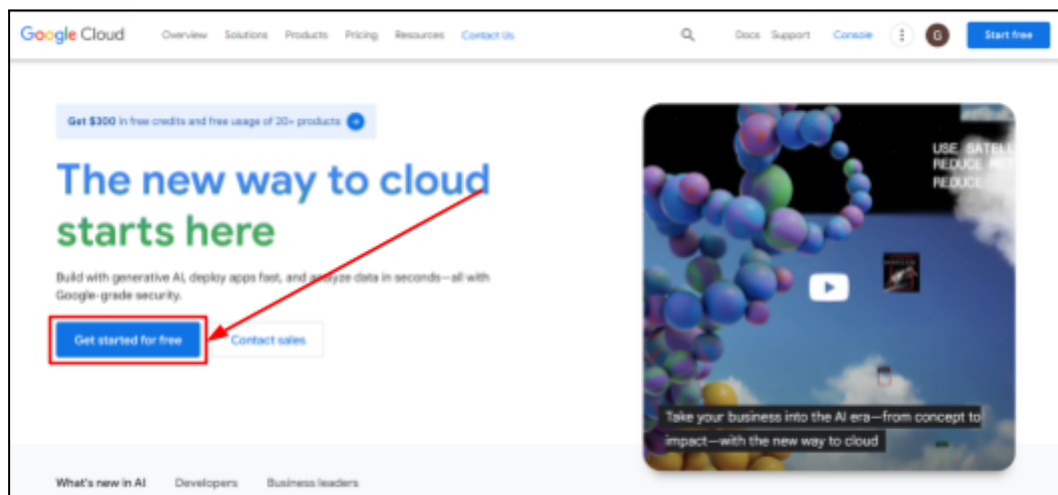

How to Redeem Your Google Cloud Credits

Here's how you can redeem your credits and begin utilizing Google Cloud services. Please follow the provided instructions carefully:

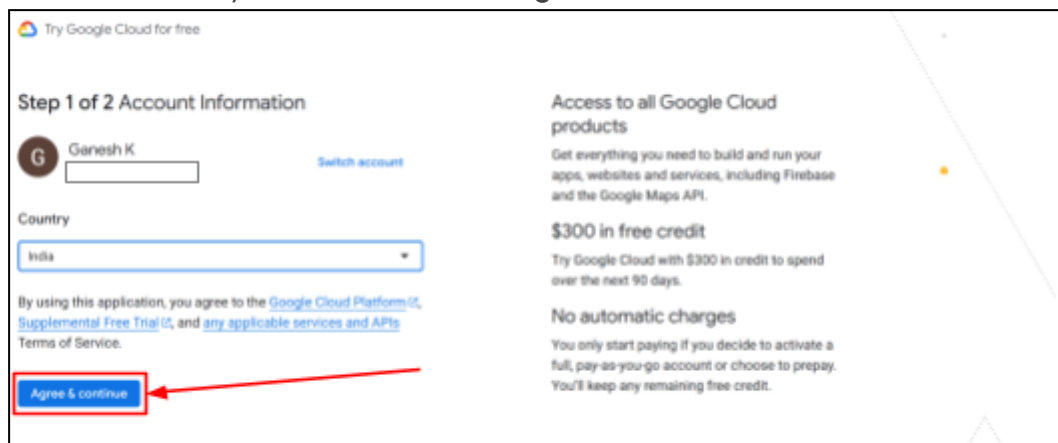

1. **Access the Platform:** Visit the Google Cloud Platform:
<https://cloud.google.com/?hl=en>.
2. **Sign Up for Free:** Sign-up/Sign-in using the registered email address

3. Click on the “Get started for free” Button

4. A new tab will open for redeeming the credits.
5. Select the country(India) and click on “Agree & continue”

6. Click on “Create new payments profile”

Try Google Cloud for free

Step 2 of 2 Verify Your Identity

We use payment information to verify your identity, which prevents abuse of our services by spammers and bots. **You won't be charged** unless you activate your full, pay-as-you-go account or choose to prepay.

Payments profile

[Create new payments profile](#) + ?

Your payment information is saved in a payments profile, which is associated with your Google Account and shared across Google services. [Learn more about payments profile](#)

Payment method

[Add payment method](#) +

Please complete the previous sections before continuing

[Start free](#)

Access to all Google Cloud products

Get everything you need to build and run your apps, websites and services, including Firebase and the Google Maps API.

\$300 in free credit

Try Google Cloud with \$300 in credit to spend over the next 90 days.

No automatic charges

You only start paying if you decide to activate a full, pay-as-you-go account or choose to prepay. You'll keep any remaining free credit.

7. Click on "Profile type" and select “Individual”. Once the necessary details are filled click on “Create”

Create a payments profile

Only **Organization** profiles can have multiple users. If you select an **Individual** profile, you register that user as your profile user for your trade, business, credit, or payments. In some countries, this selection affects your tax options. Your profile type can't be changed after signing up. [Learn more about payments profile](#)

Access to all Google Cloud products

Get everything you need to build and run your apps, websites and services, including Firebase and the Google Maps API.

\$300 in free credit

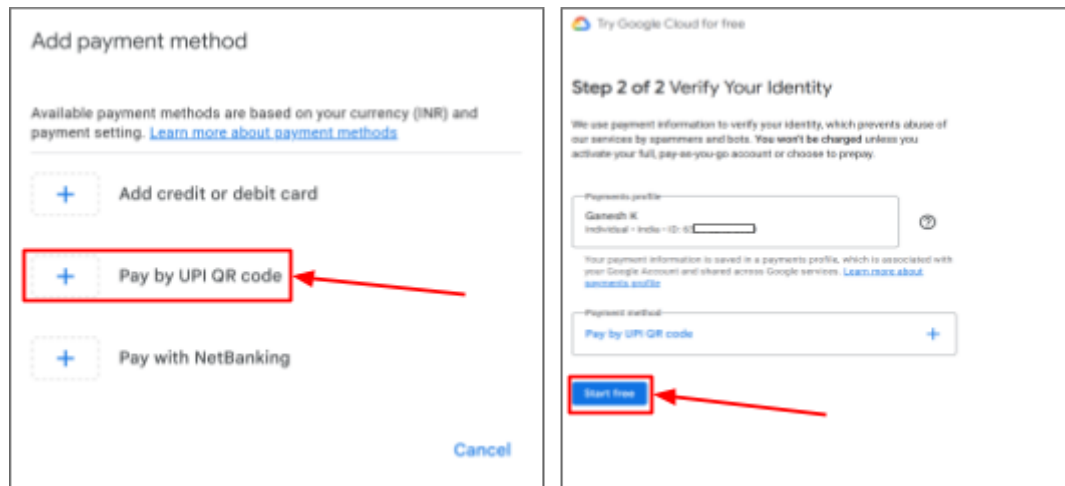

Try Google Cloud with \$300 in credit to spend over the next 90 days.

No automatic charges

You only start paying if you decide to activate a full, pay-as-you-go account or choose to prepay. You'll keep any remaining free credit.

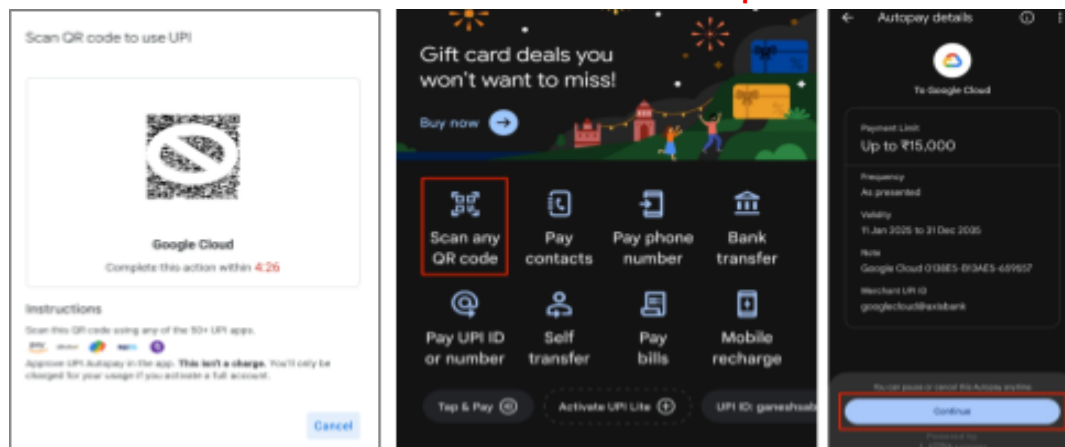

9. Select the **UPI QR code in the Payment method** (Payment method is only for verification) and click on **“Start free”**.

IMPORTANT NOTE: ONLY “UPI QR CODE” OPTION SHOULD BE SELECTED IN PAYMENT METHOD

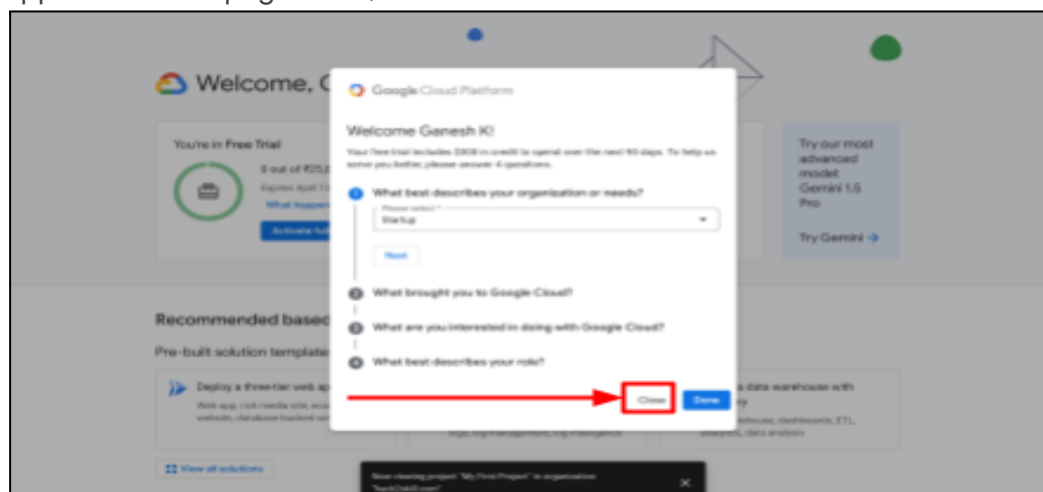

10. In the **“UPI QR code”** option a bar code will appear. **Scan the bar code with your preferred UPI app** and set up the auto pay request [In image: GPay]

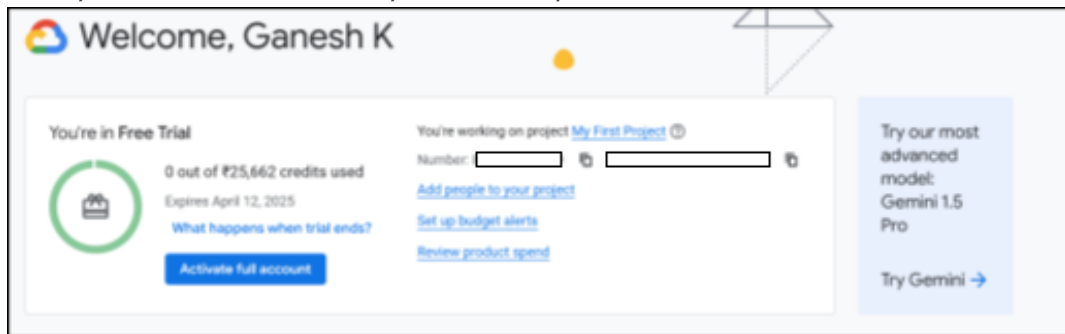

Note: An amount of 2/- will be debited for initial set up.

11. Once auto pay setup is done, the page will refresh automatically. A dialogue box will appear after the page loads, click on **“Close”**

12. Hurray!!! You have successfully redeemed your credits.

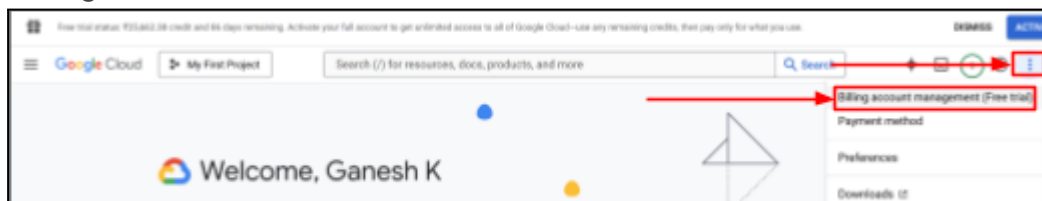

Disable auto pay from your source account on safer side to avoid billings in future

How to Cancel Billing from Website

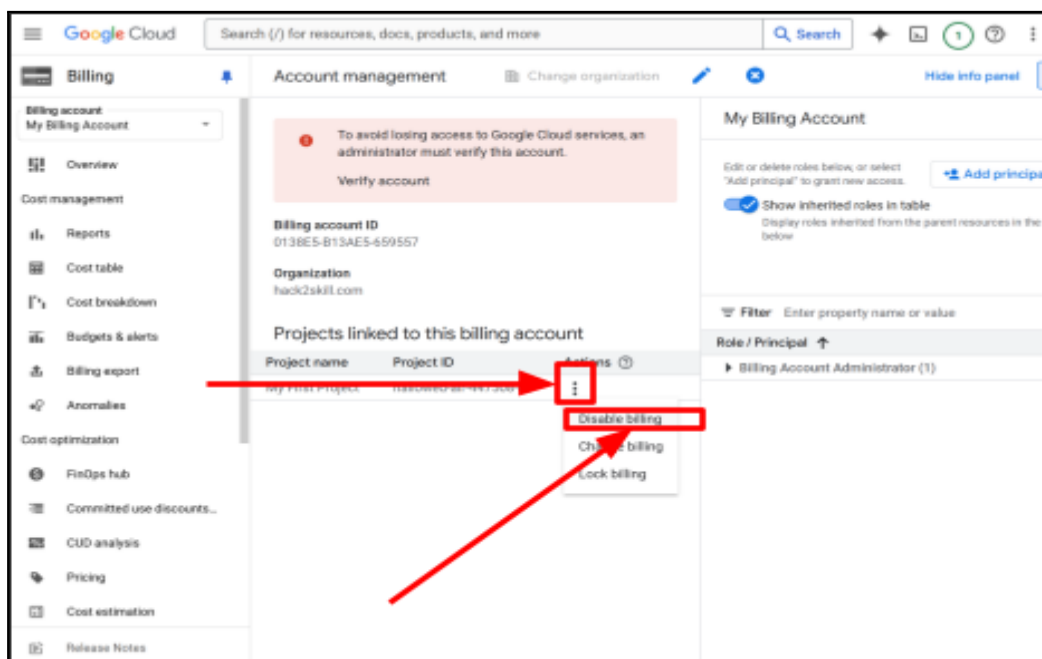

Once the project phase is over; follow the below steps to cancel the billing from the website.

Note: Disable billing only after the project submission is over and not selected in top 100

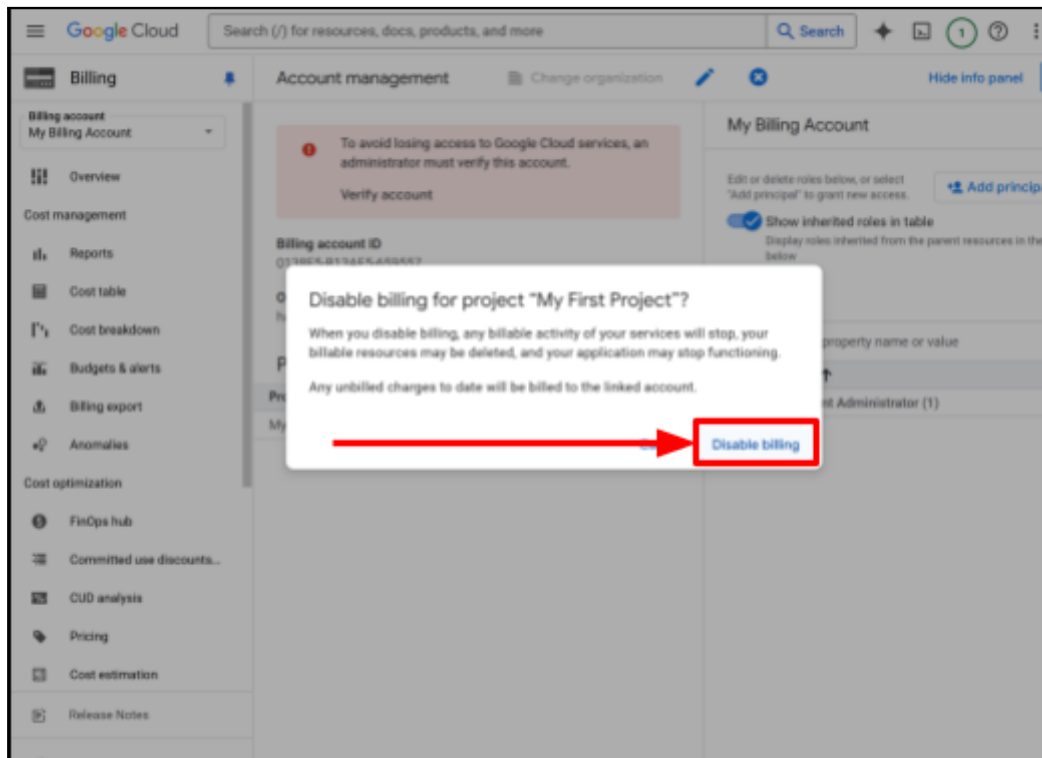

1. Click on the **Three dots** near the profile Picture and select **“Billing Account Management(Free Trial)”**

2. Click on the three dots under **“Actions”** column and click on **“Disable billing”** as shown below

3. Click on the “**Disable billing**” on the pop-up box.

Disable only if not selected for top 100

If disabled in the middle of the process, credits will no longer be available, and any projects created will be lost

Payment Dispute:

If you have made the payment and need to dispute it, please use the link below. Ensure you read through the steps carefully before submitting your claim:
